Confidential.

20th October 1922.

15(1)

My dear Sir,

I am directed to return File No. 216 dated 26th September 1922, and to say that His Highness sanctions the recommendations of the Council so far as Mrs. Rukmaniamma and Miss Lazarus are concerned.

As regards Mrs. Srirangamma, however, I am to say that a grade of 400-25-500 should suffice in her case, having regard firstly to the nature of her future duties as Inspectress of Girls' Schools, and secondly to the work she has done in the Vani Vilas Institute, where she does not seem to have been a conspicuous success. Miss Park's pay was only Rs 500/-. Mrs. Srirangamma cannot expect to be placed on the same level as Mrs. Rukmaniamma, who "has been doing higher collegiate teaching and superintending the University College for Women in the State, and has been officially the senior of the two for years."

The Vice-Chancellor's suggestion that "two lady graduates with educational diplomas of English or American Universities, and with practical experience of recent school organisation and teaching in the West," should be appointed, strikes His Highness as an eminently sound and practical one. His Highness would like you to pursue it further, and see if we cannot make a beginning with one lady of this type, who may be engaged for a term of five years.

Yours sincerely,

A. R. Banerji, Esq., C.S.I., C.I.E.,

Bangalore.
